

Astronomy plate showing the Eclipses

PINNOCK, William.
 ASTRONOMY. Fig. 1. Eclipses. [Price One Penny].

London, 1832. 255 x 175mm.

£70

Printed as a supplement to Pinnock's Guide to Knowledge, which was an inexpensive, serialised partwork that included series of maps and other prints, by Joshua Archer. These are most unusual in being printed by a relief process from wood blocks so the lettering and detail is shown as white out of black.
