

The rare Latin-text edition of Speed's map of Radnor

SPEED, John.

The Countie of Radnor Described and the Shyretownes Sittuatiōne Anno 1610.

London, John Sudbury & George Humble, 1616, Latin text edition. 390 x 510mm.

£450

Engraved by Jodocus Hondius, this is one of the most decorative maps of the county, with an inset plan of Radnor, armorials, compass rose and the Prince of Wales' feathers. This example comes from the only non-English edition of Speed's Theatre, produced for the Continental market. Its lack of success makes it comparatively scarce: it was only after 1918 that the British Museum obtained a complete Latin volume.
