£1,100

Two maps on one sheet: Berry in France and Piemonte in Italy. Engraved by the van Doeticum brothers, c.1570, this example comes from the 1593 edition of De Jode's 'Speculum Orbis Terrae', published two years after his death by his widow and son. This was to be the last edition: after the death of Cornelis De Jode in 1600 the plates were bought by Vrients, then the owner of the Ortelius plates, merely to stop their re-issue.
