

An uncommon Spanish sea chart of Gran Canaria

ARLETT, William.

Oceano Atlantico Septentrional. Carta de la Isla de la Gran Canaria, levantada por el teniente Arlett de la M.R. Inglesa en 1834. Corregida en 1868.

Madrid: Direccion de Hidrografia, 1868. Touches of original colour. 480 x 630mm. Blind stamp of the Direccion de Hidrografia.

£900

A scarce Spanish chart of Gran Canaria, one of the most detailed maps of the island from the period, showing the relief of the mountains with hachuring. Lighthouses are marked in colour.
