

17th century Italian map of Tartary

DE ROSSI, Giovanni Giacomo.
 La Gran Tartaria divisa nelle sue parti principali..

Rome, 1683. 440 x 550mm.

£800

A map of Tartary after Cantelli da Vignola, published in the Mercurio Geografico. Japan appears on the right, with only a narrow strait separating it from a mainland peninsula to the north; however this is not 'Ezo', as this is a separate entity to the north-east. The large title cartouche shows a Tartar family.
