

Late 17th century map of the Americas in fine colour

DANCKERTS, Justus.

Recentissima Novi Orbis Sive Americæ Septentrionalis et Meridionalis Tabula.

Amsterdam, 1697. Original colour. 505 x 585mm.

£2,250

A beautiful map of the Americas, with California as an island, a huge 'Terra Esonis' filling the north Pacific and the western Great Lakes left open-ended. The title cartouche bottom left is copied from De Wit's map of 1670.
