

The north eastern states of the USA

THOMSON, John.
Northern Provinces of the United States.

Edinburgh: John Thomson, 1817. Original colour. 530 x 620mm.

£300

A map of the United States from Pennsylvania and Delaware north to 'The District of Main', published only two years after the end of the War of 1812. Surprisingly for the date, there are still inaccuracies, particularly in the shapes of Vermont and Rhode Island. At the top is a vignette view of Niagara Falls.
