An uncommon 17th century map of Europe

BERTIUS, Petrus.
Carte de L'Europe, Corrigée et augmentée dessus toutes les ailtres cy devant faictes...

Paris: Melchior Tavernier, 1627. 385 x 505mm.

£750

A map of Europe, originally published as one of a separate-issue set of the continents, prior to their inclusion in Tavernier's atlas of France in 1632. This is one of the earliest maps of the continent to be published in France. A fine example with a strong impression.
