

The Low Countries during the Anglo-Dutch War of 1672

DU VAL, Pierre.

Carte Des DixSept Provinces des Pais Bas. connus sous e nom de Holande et Falndre.

Paris: Du Val, 1672. Original outline colour. 535 x 415mm.

£350

A scarce map of the Netherlands, Belgium and Luxembourg, published the year England and France united to attack the Dutch Republic in the Third Anglo-Dutch War (1672-4). This costly and fruitless war (in which England temporarily lost New York) was abandoned by Charles II because of Parliamentary opposition.
