

A scarce poster map of the Paris Metro in 1923

TARIDE, A.
 Paris. Chemins de Fer Metropolitain et Nord-Sud.

Paris: A. Taride, 1923. Sheet 1010 x 1370mm.

£1,500

A fine example of this rare poster map of the Paris Metro, engraved by Demersseman, probably to be used at Metro stations. We have dated it as early 1923 because Pompe is shown open (November 1922) and Duroc under construction (December 1923).
