

A detailed map of the Principality of Monaco

CASTELLINI, G.C.

Carta Topografica del Principato di Monaco.

Florence, 1844-5. Original outline colour. 580 x 410mm.

£250

A detailed map of Monaco, with an inset of the city with a 30-point key, published in Attilio Zuccagni-Orlandini's 'Atlante Geografico Degli Stati Italiani'. This example comes from the first state, before the addition of the railway.
