

An early example of Seutter's map of the Balearics

SEUTTER, Matthäus.
 Carte des Iles de Majorque, Minorque et d'Yvice... 1741.

Augsburg, 1741. Original colour. 490 x 550mm.

£950

A map of the Balearics engraved by T.C. Lotter after Bellin, with an inset plan of the defences of Mahon Harbour and a chart showing the islands' position relative to the Spanish coast. An early example: a later state had the plan of Mahon enlarged as the British strengthened Fort St Philip, with the six lines of French text underneath removed.
