BRAUN, Georg & HOGENBERG, Frans.
Ancona.

Amsterdam: Frederick de Wit, c.1694. Fine original colour. 340 x 485mm.

An uncommon issue of Braun & Hogenberg's 1572 plan of Ancona, as updated in 1657 by Jan Jansson but published in de Wit's 'Theatrum Praecipuarum Totius Europae Urbum'. In 1657 Jansson changed the plate, with a new title and a cartouche featuring mer-people and fish, re-engraving the hachuring of the sea and changing the ships. De Wit editions are very scarce.
