

18th century illustration of the constellation Ursa Major

THOMAS, Corbinianus.  
Ursa Major. Jor-Dan.

Frankfurt, 1730. Fine original hand colour. 140 x 205mm.

£300

The constellations Ursa Major (the Great Bear) and Jordanus (the River Jordan), in fine hand colour. The plate was engraved by Johann Christoph Berndt for the celestial atlas 'Mercurii Philosophici Firmamentum Firmianum', named for Thomas's patron, Leopold Anton von Firmian, Archbishop of Salzburg. Corbinianus Thomas (1694-1767), a Benedictine monk, was Professor of Mathematics and Theology at the University of Salzburg. His star atlas was first published in 1730 at Frankfurt, with a second edition at Augsburg the following year. He used an odd system for nomenclature: Bayer Greek letter for the star, Roman numeral for the magnitude and Arabic numeral for the star catalogue reference.
