

A map of Europe at the beginning of the 18th century

FER, Nicolas de.

L'Europe, Suivant les Nouvelles Observations de M.rs de L'Academie Royale des Sciences...

Paris, 1700. Coloured. 225 x 335mm.

£260

Europe, from Nicolas de Fer's 'L'Atlas Curieux ou le Monde. Showing large German and Polish Empires, bordering Turkey in Europe. Iceland Greenland are depicted close to the continent. The map extends to include Asia Minor, the Middle East and the northern coastline of Africa; it shows a rather inaccurate west coast of Caspian Sea. With a decorative dedication to the Dauphin featuring fleur-de-lis, and a title cartouche.
